

Communication

Date	11 July 2026
Team ID	SWTID-2026-8977
Project Name	EduGenie Google Gemini Powered Learning Assistant
Maximum Marks	1 Mark

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Project Planning	Once	Google Meet / In-Person	Student, Project Mentor	Discuss project objectives, scope, and implementation plan.
2	Progress Update	Weekly	Microsoft Teams / Google Meet / WhatsApp	Student, Project Mentor	Share project progress, completed tasks, and receive guidance.
3	Issue / Bug Discussion	As Needed	WhatsApp, Email, GitHub	Student, Project Mentor	Resolve technical issues, API integration problems, and coding challenges.
4	Project Review	Bi-Weekly	Google Meet / In-Person	Student, Project Mentor	Review completed modules, architecture, and documentation.
5	Final Demo Rehearsal	Once	Microsoft Teams / In-Person	Student, Project Mentor	Verify project functionality and prepare for the final presentation.
6	Final Project Submission	Once	GitHub & LMS / Email	Student, Project Mentor	Submit source code, documentation, and final project deliverables.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken

1	Integrating the Google Gemini API with the FastAPI backend.	Referred to the official Google Gemini API documentation, tested API requests using Postman, and resolved configuration issues.
2	Designing a simple, responsive, and user-friendly interface.	Improved the HTML, CSS, and JavaScript layout based on mentor feedback and iterative testing.
3	Ensuring accurate AI-generated educational responses.	Refined prompts, validated responses through multiple test cases, and optimized request handling for better output quality
